Who Is This Vendor Assessment For?

NelsonHall's blockchain services vendor assessment for EY is a comprehensive assessment of EY's blockchain offering and capabilities, designed for:

- Sourcing managers investigating sourcing developments within blockchain
- IT and process decision makers exploring the benefits and inhibitors of blockchain as evidenced from the clients and vendor capability
- Vendor marketing, sales and business managers developing strategies to identify developments and target opportunities within managed service programs
- Financial analysts and investors specializing in, or covering the blockchain industry and suppliers.

Key Findings & Highlights

EY launched its initial blockchain efforts in 2016, with the establishment of the firm's first working group devoted to the technology. Project volume remained relatively small in the unit's first year before embarking on the firm's current growth trajectory in the first quarter of 2017.

EY does not disclose its blockchain-specific revenues, but NelsonHall estimates its revenue from blockchain projects at \$17m.
