Who Is This Vendor Assessment For?

NelsonHall's Analytics and Reporting BPS in Banking vendor assessment for Hexaware is a comprehensive assessment of Hexaware's analytics and reporting BPS in banking offerings and capabilities designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of capital market process outsourcing and identifying vendor suitability for analytics and reporting BPS in banking RFPs
- Vendor marketing, sales and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the support services sector.

Key Findings & Highlights

This NelsonHall assessment analyzes Hexaware's offerings and capabilities in analytics and reporting services in banking. Hexaware is one of a number of analytics and reporting services companies analyzed in NelsonHall's comprehensive industry analysis programs.

Overview

Hexaware started delivering data management services in 2000 to a global fund manager, as part of an implementation of Eagle Data Management software. In 2003, Hexaware started in business intelligence services, when it partnered with Eagle Investment Systems to create a reporting module on top of the Eagle Data Management solution.

In late 2015, Hexaware will launch an analytics and reporting BPS engagement with an existing client which will be buying A&R BPS as a managed service.

Delivery Capabilities

Hexaware's banking analytics and reporting consulting & systems integration service delivers services from three delivery centers, and onsite at clients, including:

- Mumbai
- Chennai
- Onsite at clients.

Target Markets

Hexaware's primary targets for analytics and reporting services are:

- Global banks headquartered in the U.S. and Europe
- Global custodians and asset servicing firms
- Global asset managers
- Asset management arms of insurance companies.

In future, Hexaware will continue to target U.S., U.K., and German speaking financial institutions.
