Who is this Vendor Assessment for?

NelsonHall's Learning Platforms profile on Seertech is a comprehensive assessment of Seertech's offerings and capabilities, designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of learning platforms and identifying vendor suitability for learning platform RFPs
- Vendor marketing, sales, and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the learning platform sector.

Key Findings & Highlights

This NelsonHall vendor assessment analyzes Seertech's offerings and capabilities in learning platforms.

Seertech Solutions (Seertech), founded in Australia in 2003, is an established, high-growth business that hosts and develops a complex, global cloud technology solution. Seertech is a learning management system (LMS) provider delivering mission-critical learning and compliance management solutions for its clients. It meets complex, global, and industry-specific needs, establishing Seertech as a niche provider.

Seertech offers solutions for clients in the U.S., Europe, the Middle East, and Australasia. An Oracle Gold Partner, Seertech's highly configurable technology leverages Oracle software, utilizing the latest user interface tools and technologies for businesses and organizations in key industry verticals.

Corporate buyers looking for an all-encompassing single platform focused on sophisticated mission-critical learning and compliance management that meets complex, global, and industry-specific needs, notably covering specialisms such as on-the-job training, extended enterprise, and eCommerce, should consider the Seertech Learning Platform.
