Who Is This Vendor Assessment For?

NelsonHall's Cognitive Customer Experience Services report on Teleperformance is a comprehensive assessment of Teleperformance's offerings and capabilities designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of CXS and identifying vendor suitability for CXS RFPs
- Vendor marketing, sales, and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the support services sector.

Key Findings & Highlights

As part of the strategy to centralize delivery and unify its go-to-market strategy, in 2019, Teleperformance merged its consulting division, market and customer research lab, technology development units, and acquired assets into T.A.P. practice. Since 2018, it expanded the team by ~50%.

Scope of the Report

The report provides a comprehensive and objective analysis of Teleperformance cognitive customer experience services offerings and capabilities, and market and financial strengths, including:

- Identification of the company's strategy, emphasis, and new developments
- Analysis of the company's strengths, weaknesses, and outlook
- Revenue estimates
- Analysis of the profile of the company's customer base including the company's targeting strategy and examples of current contracts
- Analysis of the company's offerings and key service components
- Analysis of the company's delivery organization including the location of delivery sites.

Contents
