## Who is this Vendor Assessment for?

---

NelsonHall's supply chain transformation for sustainability profile on GEP is a comprehensive assessment of GEP's offerings and capabilities, designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of supply chain transformation services with a focus on sustainability services and identifying vendor suitability for supply chain services with a focus on sustainability RFPs
- Vendor marketing, sales, and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the supply chain services with a focus on the sustainability sector.

## Key Findings & Highlights

---

GEP, headquartered in the U.S., provides procurement and supply chain software, strategy consulting, and managed services. The company has ~6,000 employees globally. GEP has been in the industry of procurement consulting and outsourcing services and software for ~25 years. In the last five to six years, GEP expanded its offerings to supply chain management direct material procurement and supply chain management, with emphasis on delivering supply chain services and a software platform with embedded AI & Analytics. These focus on delivering supply chain services and platforms.

GEP positions itself as a full suite provider of comprehensive services and technology, focusing on an end-to-end unified solution covering consulting, software, and managed services to help clients manage and realize value/ROI from their procurement and supply chain. GEP's Quantum platform powers its applications, GEP SMART (source-to-pay), GEP NEXXE (supply chain management), and GEP GREEN (ESG/sustainability).

GEP's supply chain offering includes supply chain strategy consulting, supply chain technology with its natively built GEP NEXXE application, and supply chain managed services emphasizing managed planning services and an integrated delivery model.

GEP has ~6,000 employees across procurement and supply chain services, including its platform development and implementation personnel. NelsonHall estimates ~4,500 FTEs support services and another ~1,500 support platform development and implementation.
