## Who Is This Vendor Assessment For?

NelsonHall's Managed Security Services profile on Dimension Data is a comprehensive assessment of Dimension Data's offerings and capabilities designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of managed security services and identifying vendor suitability for security services RFPs
- Vendor marketing, sales, and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the IT services sector.

## Key Findings & Highlights

This NelsonHall vendor assessment analyzes Dimension Data's offerings and capabilities in managed security services.

Dimension Data, wholly owned by Nippon Telegraph and Telephone Corporation (NTT) Group, is a global ICT services and solutions provider with offices on five continents.

## Scope of the Report

The report provides a comprehensive and objective analysis of Dimension Data's managed security services offerings and capabilities, and market and financial strengths, including:

- Identification of the company's strategy, emphasis, and new developments
- Analysis of the company's strengths, weaknesses, and outlook
- Revenue estimates
- Analysis of the profile of the company's customer base including the company's targeting strategy and examples of current contracts
- Analysis of the company's offerings and key service components
- Analysis of the company's delivery organization including the location of delivery locations.
